

LIFE SAFETY SOLUTIONS

**YOUR LIFE
IS OUR
GREATEST
ASSET**

Made In KSA

Sherbiny is a regional leader in delivering life safety solutions to protect lives and safeguard facilities. We offer the highest quality fixed gas & flame detection systems, integrated audible & visual signaling, and a full suite of communication solutions.

Sherbiny is dedicated to offering all our premium equipment combined with our excellent local technical services and support into turn-key life safety solutions. Furthermore, **our products will be locally manufactured and assembled in KSA at the Sherbiny Assembly Facility.**

Sherbiny is here to locally support you with **full installation, commissioning, and aftermarket support** to guarantee your safety is operational at all times. **We are proud to be your trusted shield.**

Fixed Gas & Flame Detection

- Toxic & Combustible Gas Detectors
 - EC, MOS, EMOS, Catalytic Bead, IR
- Latest Technology - S5000 Gas Detector
 - 24 Month Calibration Cycle, Dual Sensors, Self-checks
 - Locally Assembled in Saudi Arabia
- Flame Detectors
 - Single IR, Multi IR, UV, UV/IR
- Open Path Gas Detection
 - IR, Laser with Harmonic Fingerprint, Low Maintenance
- Full Technical Support & Services

Signaling & Siren Solutions

- Fully Native Integrated Systems
- Modular, Light, & Compact Design
 - Reduced Cost & Flexible
- Omni-Directional Electronic Modulator Speaker Array
- LED, Strobe, Sounders, Speakers, Horns, Bells, & Tone Generators
- Excellent Frequency Response For Clear Voice Reproduction
- Multiple Networking Options
 - Radio, IP, Landline, Cellular, Satellite
- Versatile Powering
 - Batteries, AC, DC, Solar
- Certified For Indoor, Outdoor, Safe Area, and Hazardous Locations
- Full Local Technical Support & Services

PA/GA & Communication Systems

- Complete PA/GA Systems
- Intelligent Software & Robust Hardware
- Longest Tested Full Capacity Amplifiers
- Real-Time Field Diagnostic & Monitoring Features
- Audio Routers, Telephony, and Intercoms
- Reduced Cost
 - Integrated MDF Option
- DNV Approved
- IP Network Compatible
 - Ethernet Based

Fire Detection Systems

- IP-Addressable
- Integrated Fire & Gas Detection
- SIL2 Approved
- Cost Saving Features
 - Networking, Loop Distribution
- Self-Verify Technology
- Reduced Operating Expense and Time Consumption
- Intelligent Stove-Guard and Smart Smoke Alarm
- Quick Setup & Installation

Sherbiny is ISO 9001, 14001, & 45001 Certified.
