

ENVIRONMENTAL POLICY

MHSC is committed to the continuous improvement of its environmental management activities and that its business is conducted in the following manner:

- Conduct all activities in line with all applicable laws and regulations.
- Protecting the environment, predicting and preventing pollution, and reducing the impact of all its activities to the environment.
- Provide our customers and partners with services in a manner that minimizes our impact on the environment and minimizes our use of natural resources.
- Establish and follow an environmental management system that complies with the ISO 14001 standard.
- Provide all necessary resources for the effective implementation of the environmental management system.
- Communicate the environmental policy and the environmental management system internally and to our partners and interested parties where applicable.
- Ensure that all activities as described in the environmental management system are followed.
- Review the system when a need or opportunity for improvement is identified in order to improve the system effectiveness.
- Encourage employees and our partners to participate in the continuous improvement process.
- Establish measurable and time bound environmental objectives, documented and monitored through the Management Review Process.
