

STRATEGIC DIRECTION - MESSAGE OF CEO

MHSC is committed to providing high quality products and services for the manufacturing industries by infusing the wisdom of the past with the innovation of tomorrow. Our goal is to expand our portfolio of locally manufactured products so as to gain new markets within the kingdom with export opportunities in compliance with the Kingdom's 2030 vision.

In order to achieve our vision, we are focusing on localising cutting-edge products and services by partnering up with world-class international manufacturers to transfer knowhow and technology, as well as to create new jobs for Saudi nationals. We believe in high-performance teams hence we are investing in the best international and Saudi talents, which makes our corporate culture unique.

While setting our direction, we are dedicated to protecting our environment by reducing waste and energy, accompanied by improving our workplace standards of operational safety. Our new facilities are built to be sustainable and are certified by Leadership Energy and Environmental Design "LEED" encompassing the most innovative technologies in building and construction to create the best environment for our employees and partners.

Al-Khobar, 20 September, 2019

Mohammed Hassan Sherbiny
Chief Executive Officer
