INTRODUCTION

Premium Industrial Solutions - Made In Saudi Arabia

About Us

At Sherbiny, we place our family values at the core of our business. We know that long term partnerships and success can only come about from the highest levels of trust and integrity.

Those values are what has enabled us to become one of the leading providers of industrial equipment and technical services in Saudi Arabia for over three decades since our founding in 1986.

We are constantly investing in the best products, talent, and local manufacturing to maintain the high standards of quality and service our customers deserve. The Sherbiny team is comprised of experts that are ready to give you the local expertise that you need. Our innovative solutions combine world-leading equipment with excellent local technical services.

You can always be guaranteed that Sherbiny will be your guiding light, your trusted shield, and your local partner as we build a successful future together.

BUSINESS UNITS

Our Fields Of Business

Mohammed Hassan Sherbiny for Commerce LLC (Sherbiny) focuses on premium industrial solutions combining world-leading equipment with local technical services and support. With over 35 years of experience, Sherbiny is a trusted name which aims to be a regional leader in the industrial local manufacturing sector.

CR: 2051011000

Rasana Manufacturing Company is a regional leader in delivering turn-key integrated industrial systems such as chemical dosing skids as well as steam & water analysis systems. We offer complete design, fabrication, and installation of our locally manufactured & assembled systems from conceptual design to operational readiness.

CR: 2051227204

Atheel Advanced Manufacturing Company is dedicated to providing premium electrical and instrumentation solutions complete with locally assembled products and a full range of technical services and support. Our initial focus will include fixed gas and flame detection, audible & visual signaling devices, PA/GA systems, and fire detection systems.

CR: 2051227203

INDUSTRIES

Main Industries Shown

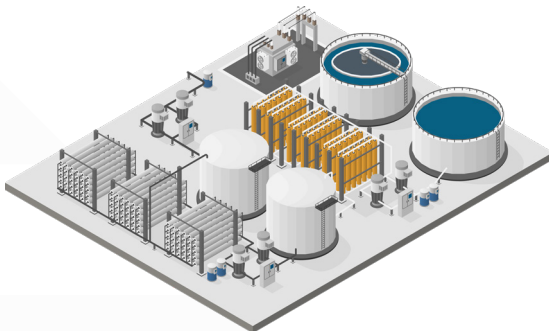

OIL & GAS

PETROCHEMICALS

WATER & POWER

MINING

The image features a close-up, low-angle view of several large, horizontal industrial pipes in the foreground, receding into the distance. The pipes are supported by metal brackets. In the background, a blurred industrial facility with tall distillation columns and other structures is visible against a warm, orange-hued sky, suggesting a sunset or sunrise. The overall scene conveys a sense of industrial scale and infrastructure.

OUR OFFERING

Premium equipment combined with local technical services and manufacturing.

Mechanical

- Fluid Handling Solutions
- Energy Recovery Solutions
- Pumps & Compressors
- Valves
- Engines
- Filtration
- Overpressure Protection
- Sampling
- Process Heating
- Pressure Vessels

Services

- Engineering Services
- Technical Services & Support
- Project Management

Electrical & Instrumentation

- Gas & Flame Detection
- Fire Alarm Systems
- Signaling
- Mass Notification
- Communication Systems
- Critical Power Solutions
- Process Instrumentation
- Networking
- Analyzers
- Security
- Industrial Control & Automation

Specialty

- Dust Suppression & Control
- Storage Tanks
- Mining Equipment

LOCAL MANUFACTURING

Current Manufacturing Facility

Sherbiny is committed to building a diversified economy in Saudi Arabia by localizing some of the best industrial technologies in the world.

Our initial focus is building mechanical industrial systems such as chemical dosing skids, and electrical and instrumentation equipment assembly.

Sherbiny's local manufacturing and assembly facilities are built to the highest standards, and with ample space for more partners and solutions.

We believe in constantly improving our portfolio, with increasing levels of localization to advance the KSA economy.

Our manufacturing facility, **Rasana**, has been awarded the prestigious **9COM Saudi Aramco** supplier status. We have been assigned Vendor Code No. 10109091 and Plant ID 30013893 for **Chemical Injection Non-Well Head Tie-Ins** (9COM: 6000002309).

BUILDING THE FUTURE

Future Manufacturing Facility

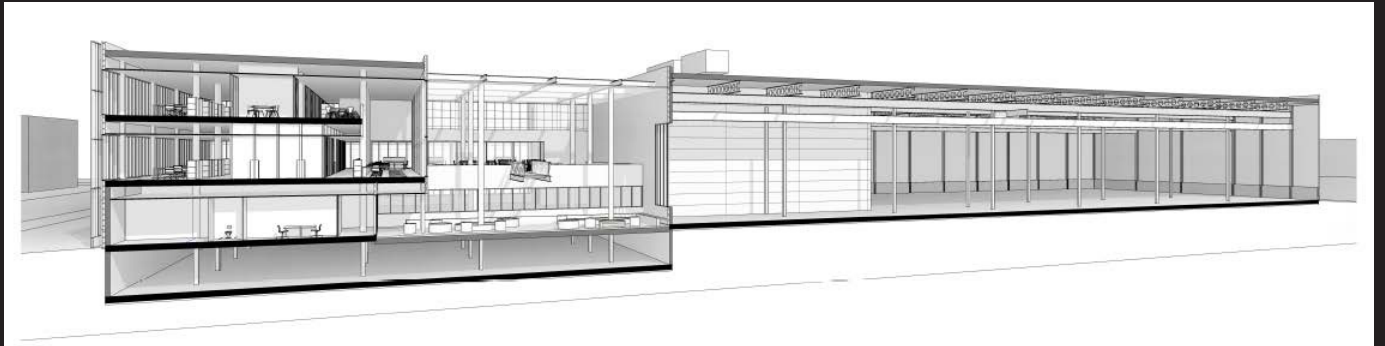

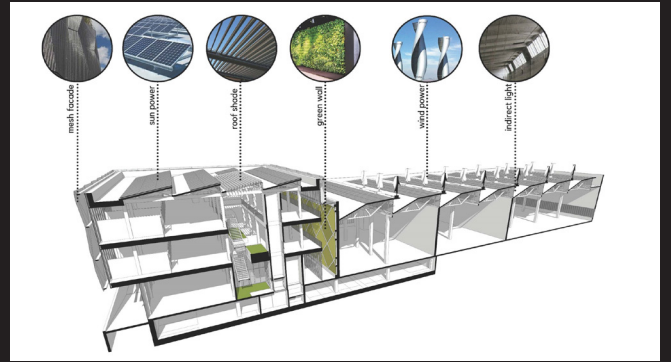

Sherbiny is committed to continuous development of our localization plan & local fabrication.

Our Modon 2 facility development is under progress. Our new facility will have ample space for multiple partners. It is a key part of our vision of a future focused on efficient manufacturing.

Our new facility will offer an integrated space combining manufacturing, logistics, warehouse storage, and office space to unify our efforts and centralize our business around our vision.

Utilizing the latest in green technology including solar panels, wind turbines, and bright natural light, our new facility will be a beacon of future manufacturing.

A photograph of two industrial workers in a factory setting. The worker on the left is seen from the back, wearing a white hard hat and a light-colored long-sleeved shirt. The worker on the right is facing forward, wearing a white hard hat, a light blue long-sleeved shirt, and black gloves, and is holding a clipboard. They are standing in front of a large piece of industrial machinery. A large industrial fan is visible in the upper left background. A yellow high-voltage warning sign with Arabic text is mounted on the wall. The entire image has a blue color overlay.

LOCAL PARTNER
IN SAUDI ARABIA

GEARBOX TEST

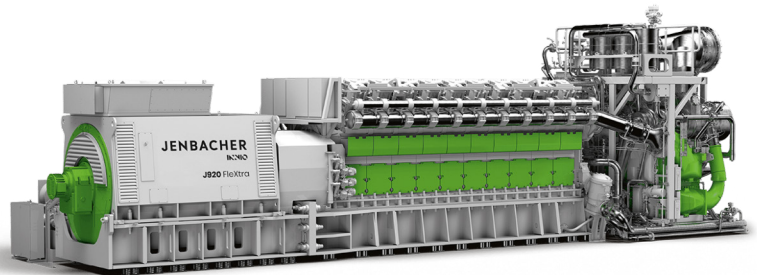

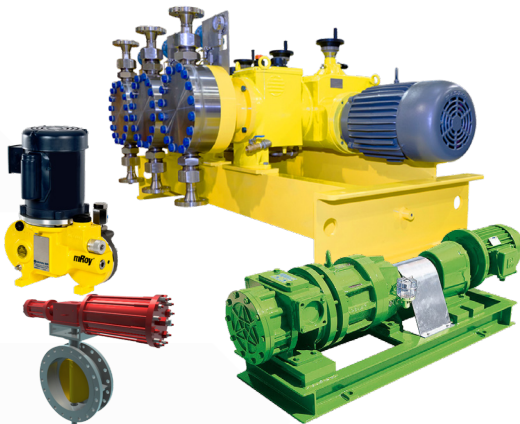

COMPLETE INDUSTRIAL SOLUTIONS

You have challenges, we have solutions.

Sherbiny has been trusted for over 35 years in combining leading equipment from across the world with excellent local technical services to provide complete turn-key solutions.

Our solutions are suitable for all industries including:

- Oil & Gas
- Petrochemicals
- Water & Power
- Mining
- General Industries
- Military

PROJECT REFERENCES

Select Top Projects Included.

SAUDI ARAMCO

- ELDS gas detector -Shaybah NGL (SNGL)
- Safaniyah PAGA system
- Upgrade H2S detector MOS to EC –SAGPD
- Fire protection system extension–MARJAN GOSPs 2 & 3 & ZULUF GOSP 4
- Pumps replacement
AINDAR -GOSP 1, 2, 3, 4 & 6
- 2 chemical dosing skids and I&C (via NALCO)
- System panel assembly & testing

SABIC

- SAFCO - Chemical dosing skid with 3 pumps and I&C (via JAL Intl.)
- YANPET - Dosing skids with 13 pumps and I&C
- YANSAB - New development P-7401 A/B fuel oil pumps
- Supply of mechanical pumps & services

SWCC

- Supply of pumps, signaling, communication & security Systems, and technical Services

MA'ADEN

- Installation of 6 water intake pumps
- Cyanide auto dosing skid

S.S.E.M.

- Engineering, document submittals, design, manufacturing, inspection and testing in works, packing, supply and delivery of butterfly valves

YASREF

- Installation of 5 new slop pumps

H.K. Alsadiq Sons

- Juaymah tank farm - Siren system

SAMREF

- Caustic dosing skid with 2 pumps and I&C

MARAFIQ

- Supply of pumps, life safety solutions, and technical services.

SADARA

- HCl dosing skid package with VSD and I&C

FARABI

- 5 skids for cooling water treatment unit and I&C (via NALCO)

CAT

- Hawiyah - 3 fire detection and alarm systems
- Berri - 5 fire detection and alarm systems

VEOLIA (International)

- Wet cooling tower system detailed design & EPC support

HUNTSMAN (International)

- 5 Falcon Project feasibility study
- Vacuum distillation column replacement detailed design & support

FEATURED CLIENTS

Trusted By The Best.
